

Curriculum Vitae

Name: Fakhrolmolouk

Surname: Yassaee

Current address: Shaheed Beheshti Medical Science University, Taleghani Hospital, obstetrics and Gynecology department, perinatology center, Tehran, Iran

Tel: +989121262358

Email: dr_f [yass@yahoo.com](mailto:dr_f_yass@yahoo.com)

Nationality: Iranian

Date of birth: 10 June 1956

Place of birth: Iran

Education: Medical student

1975 - 1983: School of Medical science, Shiraz University, Shiraz, Iran

1983 - 1987: Resident of Obstetrics and Gynecology in Tehran Medical science University Tehran, Iran.

Thesis: Immuno logical factors in habitual

Language: English

Qualification:

1983: Doctorate degree in general Medicine (MD)

1987: Board certificate in Gynecology and Obstetrics

Experience: senior Lecturer / consultant in Gynecology & obstetrics Assistant professor in shaheed Beheshti Medical science University Tehran, Iran, 1988.

2007: Associate professor in obstetrics and Gynecology

2007: fellowship in perinatology in AKH, Vienna, Austria

1997 – 2005: Member of IPPF

International papers:

1. F.yassae. Hyper uricemia and perinatal out comes in patients with severe preeclampsia. Iranian Journal of Medical sciences Vol.28, NO.4, Dec.2003
2. M Assmar, F.Yassae, A Ter hovanesian , AR Esmaeili, N Hassan , Z Farzaneh nezhaad, SR Nadda f. Prenatal Diagnosis of Congenital **Toxoplasmosis** : Validity of PCR Using Amniotic fluid against IFA assay in Mothers . Iranian Jpubl Health vo 33, NO.1, 2004
3. B. Kazemi, F.Yassae, M.Bandeh pour, N.seyed,Y.Mehrabi, M.Rajabnejad , M. Mansouri, S.Givrad, M.Ghazi and H Baseri Diagnosis of Trichomonas Vaginalis Infection by Urine PCR Analysis Compared to wet Mount Microscopic screening . J.Med. Sci, 4(3): 206 – 209. July- Sep, 2004
4. F. Yassae, F.Moshiri. Pregnancy outcomes in kidney transplant mothers. Journal of urology, vol4/No.1/winter 2007
5. F.Yassae,F.Farzaneh.Abdominopelvic Tuberculosis mimicking ovarian malignancy. Infectious disease in OB.and GYN Journal. Sep 2009.

National papers:

1. F.Yassae. N.Valaei. comparison of the effect of Nifedipine and Hydralazine in treatment of pregnancy induced hypertension. J.Pejouhandeh. vol.2,No.3/fall 1997
2. F.Yassae. Relation between maternal weight gain and neonatal birth weight. J.of Faculty of Medicine, Vol 24/No. 2/Summer 2001
3. F.Yassae. Un wanted pregnancy with different types of contraceptive agents. J. of faculty of Medicine, Vol. 26, NO. 2, Summer 2002
4. F.Yassae, Behin Aien F. Pregnancy utcomes in gestational and overt diabetes J. Pejouhandeh , Vol 7, No .3(2a). Fall 2002

5. F.Yassaee, F. shiva. Etiologic factors which caused intrauterine fetal death in pregnant women referred to taleghani Hospital. J.Legal Medicine, vol. 11, No. 37 , spring 2005
6. F.Yassaee.M. Ghorbanifar. causes of uterine bleeding in first half of pregnancy vol. 30, No.3,Fall 2006
7. F.Yassaee. Role of mother`s preference on type of delivery. J. of faculty of Medicine , vol. 31,No.2,summer 2007
8. F.Yassaee. M. Ataee. perinatal outcomes of twin pregnancies obtained after in vitro fertilization in comparison with twin pregnancies obtained spontaneous or after ovarian stimulation. J. of Army University. Vol.6,No.1/ spring 2008
- 9.F.Yassaee,F.Moshiri. Pregnancy outcomes in kidney transplanted mothers. Journal of Urology,4(1).2007

Researches:

- 1- Comparison of the effect of Nifedipine and Hydralazine in the treatment of pregnancy induced hyper tension.
- 2- Validity of PCR for diagnosis of congenital Toxoplasmosis in amnionic fluid.
- 3- Direct observation for diagnosis of trichomona vaginalis in urine in comparison with PCR
- 4- Relation between thrombo philia and intrauterine growth restriction
- 5- Out comes of pregnancies with and without cervical cerclage.

Thesis:

Super vision of thesis related to residents, medical students

1. vaginal hysterectomy and its complication in Mahdieh teaching Hospital , Fateme Feizollah zadeh OB GYN, No. 8441, 1995

2. Unwanted pregnancy with different types of contraceptive methods in Mahdih teaching hospital / Maryam Helmi MD/NO 1706, 1995
3. Incidence and risk factors of Ectopic pregnancy in Mahdih teaching hospital Shirin sayyah far. MD. No.7099. 1997
4. Prevalence and causes of hysterectomy in Taleghani teaching Hospital, Amir Hesam Behraman, MD. No.8312.1998
5. Relation between maternal weight gain and neonatal birth weight in Mahdih teaching Hospital. Homa Momtazi. OB,GYN, No. 7807, 1998
6. Quality of delivery and neonatal condition in overt and gestational diabetes in Taleghani teaching Hospital. Farnaz Behin Aein, OB,GYN, 2000, No. 9029
7. Role of mother's preference on type of delivery in Taleghani teaching Hospital. Banafshe Mohseni Rajee. OB,GYN. No. 9054. 2000
8. Incidence and risk factors of Ectopic pregnancy in Taleghani teaching Hospital. Hasan Hajirahimi, MD. No. 9795. 2000
9. Blood Uric acid level and prognosis of preeclampsia in Taleghani teaching Hospital. Fereshte Akbari. OB,GYN, 2001
10. Outcomes of pregnancies associated with premature rupture of membranes in Taleghani teaching Hospital. Popak Hafezi. M.D. No.10027, 2001
11. Causes of bleeding in first trimester of pregnancy in Taleghani teaching Hospital. Mohammad Ghorban hoseini, MD. No. 10025. 2001
12. Etiologic causes of intrauterine fetal death in Taleghani teaching Hospital. Erfan Ghorbani moghaddam. MD. No. 9880, 2001
13. Hormone replacement therapy in Taleghani teaching Hospital. Alireza Yar ahmadi MD. 2002

14. Comparison of outcomes in twin pregnancies after I.V.F. or induction of ovulation or spontaneously in Taleghani teaching Hospital Maryam Atae. OB,GYN, 10114. 2003
15. Changes in concentration of Glycosylated hemoglobin (HgbA1c) in nondiabetic pregnant women in Taleghani teaching Hospital. Alireza Javanmard. MD. No.10948. 2003
16. Evaluation of screening test for diagnosis of gestational diabetes in pregnant women without risk factor in Taleghani teaching Hospital. Zhila hesar Ashrafi, OB,GYN, No. 1786, 2003
17. Prenatal outcomes in renal transplanted mothers in Taleghani teaching Hospital. Farnaz Moshiri. OB,GYN, 2004
18. Relation between thrombophilia and intrauterine growth restriction in Taleghani teaching Hospital. Parisa Taherzade, OB,GYN, 2009
19. Comparison of outcomes of pregnancy in Uterine anomalies with and without cerclage in Taleghani teaching Hospital. Leila Mostafae. OB,GYN, 2009
20. Outcome of pregnancy in women with ITP,OB,GYN.Sakineh Eskandari,2010.

Teaching activities:

- OB and Gyn. Courses for Medical and Midwifery students
- Semiology courses for Medical students. 2003 – 2006

Translation of book that is published:

Nutrition in pregnancy

Work shops:

- 1) Research Methodology. SBUMS. 1989
- 2) Work shop of Methodology of teaching. SBUMS. 1995
- 3) Work shop of problem Based Learning. SBUMS. 1995

- 4) Work shop of Education planning. SBUMS. 1997
- 5) Morning Report Work shop of SBUMS. 2000
- 6) Work shop of power point - SBUMS. 2004
- 7) Endoscopic Surgeryin Gynecology. SBUMS.2004
- 8) Schering first National symposium. SBUMS. 2005
- 9) Work shop of SPSS, Taleghani Hospital, Tehran, Iran. 2006
- 10) Updates in infertility management. 2006
- 11) ART and prenatalogy. Avesina in fertility clinic. 2006
- 12) Endometrial Ablation Work shop. Taleghani Hospital. SBUMS. 2007
- 13) Work shop of Prevention of medical errors. SBUMS. 2008

Presentations in National Congress:

- 1) Gynecology in pediatrics SBUMS. 1995
- 2) Vaginitis and treatment. Tehran University. 1995
- 3) Comparison of Nifedipine and hydralazine in treatment of PIH. Tehran University. 1996
- 4) Pelvic inflammatory disease and treatment. SBUMS. 1998
- 5) Physiologic changes during pregnancy. SBUMS. 2000
- 6) Urinary tract infection in pregnancy. Medical council. 2001
- 7) Hirsutism in Imam Hossein teaching Hospital SBUMS.2002
- 8) Genetic investigation in pregnancy in Imam Hossein teaching Hospital SBUMS.2002
- 9) Role of mother's preference on type of delivery. Tehran University. 2003

- 10) Poster presentation of Uric acid level in prognosis of preeclampsia. Iran University 2003
- 11) Prenatal diagnosis of toxoplasmosis. Tehran University. 2004
- 12) Screening of Diabetes in pregnancy in women without risk factor. Tehran University. 2005
- 13) Chickenpox and pregnancy. Taleghani Hospital. SBUMS. 2006
- 14) Prenatal screening of Down syndrome. Taleghani Hospital. SBUMS. 2007
- 15) Osteoporosis and treatment in quality of life in Menopause. SBUMS. Jan.2007
- 16) HELLP in seminar of prevention of maternal death in SBUMS. 24 May. 2008
- 17) Invasive procedures for perinatal diagnosis .perinatology seminar.SBMU.6 oct 2008
- 18) Dystocia due to presentation and position of fetus.5 Dec2008
- 19) Epidemiology and diagnosis of vulvar and vaginal cancers 6 March2009 .
- 20) pregnancy and Diabetes.Perinatology seminar. Tehran university.Imam Khomeini hospital.29 june -2 jul 2009
- 21) participation in seminar of pregnancy and addiction in SBMU .16-17 JUNE 2009
- 22) Causes of anovulation.oral presentation.SBMU, 22 Oct 2009
- 23) panel of cesarean Iran university ,7 Nov 2009
- 24) New drugs for prevention of Preterm labor, oral presentation.Zanjan university, 30 june 2010
- 25) History of prenatal diagnosis ,oral presentation. SBMU, 22 JUL 2010.
- 26) Prenatal invasive diagnosis,oral presentation,SBMU. 23 jul 2010.
- 27) Lecture on oxytocine challenge test ,Mahrad Hospital.28 Jan 2011.

Presentations in international congress.

1. Comparison of the Effect of Nifedipine and Hydralazine in treatment of PIH. FIGO 2000. Washington D.C USA. Poster presentation
2. Hyper uricemia and prognosis of preeclampsia. DIOFCE 2003 UAE. Poster presentation.
3. Prenatal Diagnosis of Toxoplasmosis. FIGO 2006. Malaysia. Oral
4. Outcome of pregnancy in patients with kidney transplantation. Oral presentation, 4-9 Oct, FIGO 2009 Capetown

Membership:

- 1) Active member of infertility and reproductive health research center since 2006
- 2) Active member of perinatology conferences in Taleghani hospital.SBMU since2000.
- 3) Reviewer of journal of research in medicine since2000
- 4) Reviewer of journal of reproductive and infertility since2004
- 5) preceptor for reform since 2008

Researches in Iran;

Two proposal approved in IRHRC;

- 1) Outcome of pregnancy with cervical cerclage in patients with uterine anomalies
- 2) Relation between thrombophilia and IUGR.
